25X1 5. [] - JGO) Met with John N. Stratton, Investigator,
25X1A House Internal Security Committee, and received from him a copy of the
25X1A executive session transcript of 16 July 1974 for correction. []
25X1A [] and [] OCI, have been advised.

25X1 6. [] - JGO) Received a call from Max Stettner, Foreign
Operations and Government Information Subcommittee staff, House Committee
on Government Operations, who asked if we could assist in cleaning up two
details in the record concerning Agency use of the polygraph. Stettner asked
if I could confirm the information that had been provided separate from the
hearing, that although Mr. Colby and General Walters as Director and Deputy
Director had not been polygraphed, Mr. Colby, as a long-time Agency employee,
had been polygraphed. As a second question he asked if we would confirm
whether General Walters had ever been polygraphed.

25X1 7. [] - JGO) Received a call from Guy McConnell, Senate
Appropriations Committee staff, who told me that Chairman John L. McClellan
(D., Ark.) had received an identical letter to the one forwarded to Chairman
George H. Mahon (D., Texas), House Appropriations Committee, by
Representative Michael J. Harrington (D., Mass.). McConnell asked if we
would provide a draft response to the questions raised by Representative
Harrington for Chairman McClellan's use in responding to Representative
Harrington.

25X1 8. [] - JGO) Talked to L. James Kronfeld, Staff Counsel,
Foreign Operations and Government Information Subcommittee, House
Committee on Government Operations, who confirmed for me that the conference
on H.R. 12471, amendments to the Freedom of Information Act, is scheduled
for 6 August.

25X1 25X1A 9. [] - GLC) In response to his call last week, I called Ray
[] to tell him I had pulled together some material on our briefings of Senate
committees on the "secret war" in Laos going back as far as 1961. I said we had
discussed this at the morning meeting and agreed that any response he gives to
Representative Michael Harrington should be general in nature since nothing
would be gained from getting into issues of personalities in this regard. The one
exception is a statement in the public domain by Senator Gordon Allott responding
to Senator Symington on the question of briefing of the Senate Appropriations
Defense Subcommittee on the Laotian war. In addition to the Congressional Record
item on Allott's statement, I am sending [] some information on the committees
that were briefed especially during the period 1962-1966.
